

Annual Education Report

May 15, 2018

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2016-17 educational progress for Kempton Elementary School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Mrs. Dianne Dalton, Principal, for assistance.

The AER is available for you to review electronically by visiting the following web site <http://www.spsd.net/aer>, or you may review a copy in the main office at your child's school.

For the 2016-17 school year, schools were identified using new definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has three or more underperforming student subgroups. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state. Some schools are not identified with any of these labels. In these cases, no label is given.

Our school has not been given one of these labels.

The key challenges we have been facing are meeting student learning targets in reading and math as set by the State of Michigan. We continue to make steady improvement in these areas and have done so over the past 3 years. Kempton Elementary is continuously working to strive for excellence. We have exceeded our growth targets in all academic areas but have still not met the State target for the percent of students needed to increase our ranking. We appreciate the continued support of parents, staff and our community in this effort.

State law requires that we also report additional information.

PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL

Kempton is a neighborhood school that serves students in the immediate area and through the county. We welcome students outside the district through the Schools of Choice and Open Enrollment process which is offered, published, and applications accepted each year.

School attendance boundaries are set by the SPSD Board of Education. Enrollment requests are considered in accordance with the following:

- Board Policy 8040 School Admissions
- Board Policy 8005 Open Enrollment (for students who reside within district boundaries)
- Board Policy 7950 Schools of Choice (for students who reside outside of district boundaries)

A BRIEF DESCRIPTION OF OUR SCHOOL

Kempton has a rich history of educational excellence and has been an elementary school for 55 years as part of the Saginaw Public Schools. Currently 404 students are enrolled in Pre-Kindergarten through sixth grade. Daily attendance averages 90%. All of our instructional staff are highly qualified and service children in many ways during their educational day. We have 25 instructional staff members including a secretary, custodians, interventionists, truancy abatement clerk, and a Pathways to Potential Department of Human Services. . We offer many opportunities for families to become involved throughout the year and have an active parent group that plans activities for children and families throughout the year. We have an annual “Leadership Day” that showcases students as leaders.

Kempton has many special programs such as Pre-Kindergarten, Special Education Resource, a Multi-Tiered System of Support to meet children at their current level of performance, Restorative Practices, the “ Leader in Me” which is based on the “ 7 Habits of Highly Effective People” by Stephen Covey, Read Association volunteers, Foster Grandparents Program, community education sports, Kempton Community Council Parent Group, and we offer parenting classes through local community agencies. We strive to work with many other community-based enrichment programs to assist our families with the resources available to them.

CORE CURRICULUM

The Michigan School Code requires every local school district to establish a core curriculum and an aligned instructional program. Teachers, instructional coaches and administrators have collaborated to address core curriculum requirements by creating overarching questions and essential learning expectations for students, along with assessments and resources for four core content areas (English, Social Studies, Science and Math). SPSD obtains the curriculum from the Michigan Association of Intermediate School Administrators (MAISA), which provides college and career readiness units and resources that are aligned with the Michigan standards.

PARENT-TEACHER CONFERENCES

Fall conferences, 90% of our parents were in attendance and 80% were in attendance during our Spring conferences. Our Spring conferences were held at mid-marking period last year at the beginning of March and only a progress report was given to the parent. Our attendance was much lower with a percentage of 75%. We feel that meeting with parents is a vital part of a child's educational success. If parents are unable to attend, our teachers will contact parent via phone or make accommodations to meet at another time in order to meet the needs of circumstance of each situation.
