

## Saginaw Arts & Sciences Academy

### **Vision Statement**

Saginaw Arts and Sciences Academy will extend rigorous learning opportunities to all students, in every subject, in order to prepare students for entering postsecondary education and careers in an ever-changing world.

### **Mission Statement**

The Saginaw Arts and Sciences Academy faculty, parents and community partners are committed to serving gifted and talented students.

SASA will promote a system of education that:

- Provides the highest level of artistic and academic achievement.
- Prepares students in career pathways through the structure of Concentrations of study that provide innovative instruction and authentic learning experiences.
- Provides collaborative instruction to promote creative and productive learning.

### **Belief Statement**

It is the fundamental belief of the Saginaw Arts and Sciences Academy learning community that:

- The responsibility of education is shared among all SASA staff, parents, students, and the community.
- The diversity of students' backgrounds, experiences, and interests contributes to the value of each student's education.
- Every student is a unique individual and should receive an education that offers differentiated instruction.
