*Please note Pacing Guides are a work in progress and are subject to change. EL has looping lessons for Module 1 and Module 2 this will get us to December to make revisions if needed and add the rest of the looping lessons. There might be glitches along the way, but remember this is a work in progress. Please let me know if you come across any errors, additions, deletions, or glitches. In addition the links will be posted on our website, however, it is taking a bit longer than planned and I thought it would be important to get the links to you,so you can share with teachers.*
