The District reaffirms its policy to comply with Title VI and VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, the Elliott-Larsen Civil Rights Act, the Michigan Handicappers’ Civil Rights Act, the Americans With Disabilities Act of 1990, and all other applicable Federal and State laws and regulations prohibiting discrimination. Inquiries regarding compliance with Title VI, VII of the Civil Rights Act of 1964 or Title IX of the Education Amendments of 1972, which prohibits discrimination on the basis of sex, and inquiries related to all other Federal and State laws prohibiting unlawful discrimination should be directed to the Superintendent, 550 Millard St., Saginaw, MI, 48607, 989-399-6500.

This brochure is prepared as a service to students and parents by the Board of Education of the School District of the City of Saginaw, Michigan. The District Policies and Procedures listed have been authorized by the Board to provide for the welfare of all students in the Saginaw Public Schools. All policies, regulations, definitions and procedures have been prepared to comply with the federal and state laws and local ordinances which are subject to change without notice.
Section 1: Definitions & General Information

K - 12 Definitions and General Information

Referrals of Expelled Students: When required by State Law, within three (3) days after a student is expelled under this policy, the district shall notify either the Saginaw County Intermediate School District, the Saginaw County Family Independence Agency, and/or the Saginaw County Community Mental Health Department of the expulsion. The student, if 18 or emancipated, or the student’s parent/guardian, shall be notified of the referral. In addition, the district shall notify appropriate law enforcement officials when a student is in possession of a dangerous weapon.

Police Notification: An incident report is filed with the police department and maintained by the District.

The principal or administrator has the discretion whether to sign a complaint for offenses that do not warrant arrest.

Note: 1999 PA 102 requires the district to report certain categories of student misconduct to the appropriate law enforcement agency.

Arrest: A complaint is filed with the police by the school. Principal or administrator must swear out a complaint if arrest is warranted.

Corporal Punishment: The deliberate infliction of pain by any means upon the whole or any part of a student’s body as a penalty or punishment for a student’s offense. Corporal punishment is not permitted in the Saginaw Public Schools.

Special Education or Section 504 Student: In the case of Special Education or Section 504 students who are recommended for long term disciplinary action or expulsion, an IEP or other building team must be convened to conduct a manifestation determination. The manifestation determination must be held within ten (10) school days of the first (1st) day of suspension.

Security Searches: A student’s personal effects (purse, book bag, athletic bag, backpack, etc.) may be searched whenever a school official has reasonable suspicion to believe that a student is in possession of illegal or unauthorized materials or evidence of violation of a Code of Conduct. A search may also be conducted as a result of routine security procedures. The District will notify police when appropriate if a search yields illegal or contraband materials.

Automobile Inspections: Student vehicles on school property may be inspected or searched by school building administrators or security personnel when there is reasonable suspicion to justify a search. Any student who refuses to permit the search of a vehicle on school property shall forfeit the right to park on school property, without further hearing or appeal. Students may also be disciplined or expelled for denying access when there is reasonable suspicion.

Locker Searches: Student lockers are school property and remain at all times under the control of the school district. Students are expected to assume full responsibility for the security of their lockers and their contents. A school district principal or his/her designee may search a student’s locker and the locker contents at any time with or without notice, without student consent, and without a search warrant. In the course of a search, the student’s privacy rights shall be respected regarding any items that are not illegal or against district policy. However, the school may search for such items if there is reasonable individualized suspicion to suspect that the item contains other items which violate Board policy or applicable law. If a student interferes with a search, the student may be disciplined or expelled.

A law enforcement agency having jurisdiction over the school may assist school personnel in conducting a search of a student’s locker and the locker contents at the request of a school principal or his/her designee, provided the search is conducted in accordance with district policy.

As stated in 2000 Public Act 87, any evidence obtained as a result of a search of a student’s locker or contents shall not be inadmissible in any court or administrative proceeding (including but not limited to any disciplinary hearing pursuant to the Student Code of Conduct) because the search violated PA 87, or district policy adopted pursuant to PA 87.

Desks and Storage Area Searches: A desk or other storage area provided by the District for student use as well as the contents, may be searched by building administrators or District security personnel when there is reasonable suspicion for a search. If a student interferes with a search, he/she may be disciplined or expelled.

Video or Other Cameras: The District reserves the right to videotape student activities and behavior on buses and in common areas within school building, with or without specific advance notice.

Canine and Other Searches: At times the District reserves the right to conduct random searches of student lockers, desks, and automobiles on District property or at District-sponsored activities. These searches may be conducted without notice and without individualized suspicion. The District may use trained canines and other detection equipment to search for contraband, illegal or unauthorized drugs, alcohol, or weapons. Students should not expect privacy regarding items placed on school property because school property is subject to search at any time by school officials.

Possible Discipline: A student’s failure to cooperate or permit searches and seizures by the District is subject to disciplinary action at the District’s discretion.

Zero Tolerance Laws: The School District of the City of Saginaw complies with Zero Tolerance Laws regarding weapons and unsafe and severe disruptive student behavior. Under State Law, students may be permanently expelled from the Saginaw Public Schools and all Michigan public schools.

Conduct Off School Premises: Conduct on or off school premises that adversely affects the school climate or that has a direct and immediate adverse effect on the discipline or general welfare of the school and/or its students is prohibited. Students who are found in violation of this rule will be subject to disciplinary action as outlined in Section 3, Student Code of Conduct.

Student Appearance: Students’ dress and grooming must not disrupt the educational process, interfere with the maintenance of a positive teaching/learning climate, or compromise reasonable standards of health, safety and decency. It is incumbent upon school personnel, along with parent/guardian, to instruct students in this respect.

Specific guidelines for what apparel students are allowed to wear and what they are not allowed to wear is available in the principal’s office of each school, on page 26 of this policy book, and on the district’s website at www.spsd.net.

School Uniform Code: The district empowers individual schools to develop a student uniform code if such a policy has the support of the school’s parents. Guidelines for developing a uniform code are available in the principal’s office of each school.

If a parent or student has any question about what is proper clothing or attire for school, please contact the building administrator.

Bus Conduct: Students who use transportation services provided by the Saginaw Public Schools (including district school buses or STARS) are still in school and in an “extended classroom.” Because of this, students are subject to all rules, rights, and responsibilities for the Student Code of Conduct, in addition to the specific rules for health and safety while on the bus.
Misbehavior on the bus is distracting to drivers and, therefore, interferes with the safety of all students. Acts of misconduct are disruptive and will result in disciplinary action.

**WALKERS:** Students who walk to and from school are expected to observe school rules and demonstrate good behavior. Therefore, violations of the Student Code of Conduct will result in disciplinary action.

**STUDENT SEXUAL HARASSMENT:** Sexual harassment of students by other students, by employees, or by Board members of the School District of the City of Saginaw is prohibited and is contrary to the commitment of the School District of the City of Saginaw Board of Education to provide a stable learning environment. The School District of the City of Saginaw will not tolerate any sexual harassment of students. It is the policy of the District that all contact between students, teachers, other adult employees and volunteers of this district be respectful, professional, and conducive to creating a stable learning environment.

Sexual harassment includes, but is not limited to, making sexual advances, engaging in improper physical contact, making improper sexual comments, or otherwise creating an intimidating, hostile, or offensive educational learning environment. **All students and all District employees are expected to conduct themselves with dignity, showing respect for others.**

**Complaint Procedure:**
1. If a student has concerns about the nature of any conduct or physical contact by an employee of the District or by a fellow student, the student should immediately report this concern to their building principal. The District encourages students to discuss this concern with their parent/guardian.

**Superintendent**
Saginaw Board of Education
550 Millard St., Saginaw, MI 48607 • 989-399-6500

2. All such reports will be investigated by the district.

3. All such reports will be handled discreetly to maintain confidentiality in order to avoid embarrassment and to protect the student making the report. However, it should be understood that the District is required by law to report suspected child abuse to the Child Protective Services.

4. A copy of this policy will be made available to all students in the district.

5. The complaint procedure will be reviewed and distributed annually.

**HOMEBOUND INSTRUCTION:** Homebound instruction may be provided for students who are unable to attend school because of injury or illness. This service will be provided when a student has been absent from school for five (5) days and it has been determined by a physician that the absence will continue for at least ten (10) days. It is the parent’s responsibility to request homebound services. Students receiving homebound instruction will be provided two non-consecutive class periods of instruction per week.

**MEDICATION:** “Medication” includes prescription, non-prescription and herbal medications, and includes those taken by mouth, by inhaler, those that are injectable, and those applied as drops to eyes, nose, or medications applied to the skin. Students must have written permission of the parent/guardian and the healthcare provider to take any medication, including those over-the-counter (such as Tylenol, cough drops, etc.).

**STUDENT TRANSPORTATION:** Bus transportation may be provided to and from school for those students who qualify. Transportation may be provided by the District for extra-class activities. Students are prohibited from driving privately owned vehicles to District sponsored activities held during the school day unless specific permission is granted by the student’s parents/guardians and the high school principal.

Students must observe the rules and regulations developed by the administration governing student transportation. Students will also be subject to the Student Code of Conduct while riding school buses. The administration may suspend or revoke the transportation privilege of any student who violates any District rules or regulations.

**STUDENT SELF-TRANSPORTATION:** In cases where a student is enrolled in a Board approved, shared time program, or District sponsored activity at another school or program site (example: an area career center, gifted and talented program or dual enrollment program with an area junior college, college or university) the parents/guardians of the student must grant permission for their child to self-transport to and from that site, subject to rules and regulations established by the District.

**PERSONAL VEHICLE OPERATION:** Drivers operating vehicles on and around school property will do so in accordance with the School District of the City of Saginaw rules and regulations, City of Saginaw ordinances and the State of Michigan’s Uniform Traffic Code (UTC). Failure to comply with the above standards may result in the suspension of driving privileges on district property.

**PARENT PROCEDURES FOR SAFE AND EFFECTIVE SCHOOLS**

**Parent Involvement Policy**
Pursuant to Senate Bill 307, Section 1294 of Act 107 of Public Acts 2004, The Saginaw Board of Education strongly encourages and welcomes the involvement of parents/guardians in the District's educational programs. The Board recognizes and appreciates that parents/guardians are the “first teachers” of their children and that their interest and involvement in the education of their children should not diminish once their children enter the schools of the District.

The School District of the City of Saginaw, its teachers, and staff members strive to provide the highest level of education for its students. The district recognizes that this goal is not attainable without support and input from the parents and community members of Saginaw. With the ideal of establishing a collaborative learning environment, we have created a list of suggestions for parents that we feel will best serve their children’s educational needs.

**Suggestions for Parent Support and Contributions:**
- When entering a building in the district, please first proceed to the main office to sign in, receive a visitor’s pass, and direction from school personnel.
- To ensure satisfactory results during your visit contact the school in advance whenever you’d like to meet with your child’s teacher(s) or administrator.
- Have your child at school on time.
- Open and maintain communication with your child’s teachers and administrators.
- Please address any concerns you may have appropriately, in a manner that does not disrupt the educational environment.
- Share your vision for success by joining the Parent Committee in your school.

The Saginaw Public School District educators take your child’s future very seriously. Our students are held to high behavioral and academic standards with the intent of best preparing them for life after graduation. It is our belief that every student can succeed when provided with an environment that is safe and conducive to learning. Parents/guardians play an important role in modeling those behaviors and creating that environment.

**NOTICE OF DISCLOSURE OF STUDENT DIRECTORY INFORMATION**
The School District of the City of Saginaw designates the following information as: “Student Directory Information” student name, address, telephone number, date and place of birth, major field of study, student photograph, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees, and awards received, and most recent previous school attended.
The School District of the City of Saginaw will disclose any of these items of Student Directory information without prior notice or written consent, unless the student (if 18 or older) or the student’s parent or legal guardian notifies Student Services in writing that such information may not be disclosed. The superintendent or his/her designee will exclude and/or not permit a child to enter school who is out of compliance with the required immunization guidelines. School personnel will cooperate with public health personnel in completing and coordinating all immunization data, waivers and exclusions.

A student is exempt from this requirement if the parent/guardian/responsible adult presents a written statement to the administrator of the student’s school stating that the requirements for immunization violate the religious or other convictions of the parent or guardian and/or a physical certifies that a specific immunization is, or may be, detrimental to the child’s health. Such written certification must be placed in the student’s cumulative record folder (CA 60).

In the event of an outbreak of vaccine preventable disease, the parent/guardian may be required by the school district, in consultation with the County Health Department, to keep (susceptible or waiver) students at home temporarily.

**NOTIFICATION OF STUDENT RIGHTS UNDER FERPA**

The Family Educational Rights and Privacy Acts (FERPA) affords parents/guardian and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records. They are:

1. The right to inspect and review the student’s education records within 45 days of the day the District receives a request for access. Parents or eligible students should submit to the school principal or Student Services a written request that identifies the record(s) they wish to inspect. The school administrator will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected. Verification of identity may be required.

2. The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate or misleading. Parents or eligible students may ask the Saginaw Public Schools to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identifying the part of the record they want changed and specify why it is inaccurate or misleading. If the district decides not to amend the record as requested by the parent or eligible student, the district will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedure will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent FERPA authorizes disclosure without consent. The district has published a Directory Information policy that describes the circumstances in which it will disclose designated personally identifiable about students.

organization who, with the prior written approval of the district (Pupil Accounting or Student Services) will use personal information about the student to provide services approved or requested by the district, to a student, groups of students, or their families, such as emergency health care, counseling, outreach services, or other group services relating to a student’s academic or behavioral performance, or school or job placement.

e) A parent or student serving on an official committee, such as a peer mediation or grievance committee, or assisting another school official in performing his or her tasks. Parent and student should be trained in appropriate procedures in handling confidentiality of student records.

f) A volunteer who, with the district’s approval, uses personal information about a student to perform an administrative or clerical task or who performs a supervisory or instructional service related to the student’s education, or who provides services to a student’s family such as emergency health care, counseling, or school or job placement.

g) Personally identifiable information is also provided to pupil service teams in accordance with appropriate building protocol, such as Pupil Service Teams or Student Services Child Study Team may include individuals employed by community support agencies who provide professional services such as social, emotional, mental, physical health needs to the student or student’s family. However, these community support agencies shall only have access limited to information relevant to specific services provided and limited to the specific students with whom they are involved.

A school official has a legitimate educational interest if the official needs to review an education record in order to: fulfill his or her professional responsibility to the student, the students family, or to the district; perform an administrative or clerical task required in the employee’s job description or in a contract with the district; perform a supervisory or instructional task related to a student’s educational program; perform a service or benefit for the student or the student’s family, such as, but not limited to, emergency care, counseling or job placement; perform a task prescribed by the district.

2. The district discloses personally identifiable information about students to auditing agencies and organizations to the extent permitted or required by law.

3. Parents and guardians of minor students, and students who are 18 or older, have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA. The name/address of the office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 600 Independence Avenue, S.W., Washington, D.C. 20202-4605.

Americans with Disabilities Act (ADA) of 1990 Grievance Procedure

1. The complaint should be in writing and contain information about the alleged discrimination, such as the name, address, and phone number of the complainant and the location, date, and description of the problem. Alternative means of filing complaints, such as personal interviews or a taped recording of the complaint, will be made available for persons with disabilities upon request. The complaint should be submitted by the grievant and/or his/her designee as soon as possible, but no later than 60 calendar days after the alleged violation to the ADA Coordinator.

2. Within 15 calendar days after receipt of the complaint, the ADA Coordinator or his/her designee will meet with the complainant to discuss the complaint and the possible resolutions.

3. Within 15 calendar days of the meeting, the ADA Coordinator or his/her designee will respond in writing, and when appropriate, in a format accessible to the complainant. The response will explain the position of the District and offer options for substantive resolution of the complaint.

4. If the response by the ADA Coordinator or his/her designee does not satisfactorily resolve the issue, the complainant and/or his/her designee may appeal the decision within 15 calendar days after receipt of the response to the Superintendent of Schools or his/her designee.

Inquiries regarding compliance with Title VI, VII of the Civil Rights Act of 1964 or Title IX of the Education Amendments of 1972, which prohibits discrimination on the basis of sex, and inquiries related to all other Federal and State laws prohibiting unlawful discrimination should be directed to: Superintendent

HOMEWORK POLICY

Policy: Homework is a beneficial and necessary tool which aids students in their academic growth. It is used for review and reinforcement of concepts already under study. The frequency of specific assignments depends upon the teacher’s judgment of the needs of an individual or group of students. Homework, where appropriate, shall be strongly encouraged by each building level administrator. The School District of the City of Saginaw Board of Education believes that homework is an important and valid part of the educational process and that it must have the following objectives:

1. Will help students develop independent study habits;
2. Will promote growth in responsibility and self-direction in learning;
3. Will reinforce learning that has taken place in school;
4. Will promote a closer working relationship between home and school;
5. Will not be used as punishment.

Make-Up Opportunities: Student absence, including suspension, does not exempt the student from work missed. Upon the direction of the building Principal, teachers shall assist students in making up missed work and credit will be granted for missed work made up.

Requesting School Work: Homework will be requested for students if they are going to be absent for three or more consecutive days. If teachers cannot send work to be completed at home, they will explain why and provide make-up opportunities for the students when they return. Please plan to give the office at least one day’s notice.

Computer Network Policies

Computer Network: The Board authorizes the Superintendent to develop services linking computers within and between buildings in the District, and to provide access to the international computer network (Internet) for students, staff and, if requested, members of the Board of Education. All computer network implementation shall be in line with the Board policy on technology and the District’s educational goals. Use of the computer network(s) as a part of any class or school assignment shall be consistent with the curriculum adopted by the District. The District’s general rules for behavior and communications shall apply when using any computer equipment.

Personal Accounts: The Board authorizes the Superintendent to provide personal accounts for students, staff, and, if requested, members of the Board, to access the District computer network and the Internet, including electronic mail and file server space for developing and publishing material on the worldwide web or other networked computer media. Such access shall be provided in furtherance of the District’s educational mission, to enhance student knowledge of and familiarity with technology, and to facilitate communication, innovation, and sharing of resources. To ensure the integrity of the educational process and to guard the reputation of the District, student and staff expression in public electronic media provided by the school may be subject to review, comment, editing, and/or removal by school officials.

Personal accounts and all use of District computer resources are considered a privilege, not a right, and are subject to the District’s rules and policies. Electronic communications and stored material may be monitored or read by school officials. Electronic mail in personal accounts will not generally be inspected by school officials without the consent of the sender or a recipient, except as required to investigate complaints which allege a violation of the District’s rules and policies. Student electronic mail and electronic storage space which does not contain material made public by the student shall be subject to the District’s policy and rules on student records.
**SECTION 504 POLICY**

It is the intent of the Board of Education that no otherwise qualified student with a disability shall be excluded from participation in, denied the benefits of, or be subjected to discrimination on the basis of his/her disability in any program or activity conducted by the district.

It is further the intent of the Board of Education to identify, evaluate and provide a free appropriate education to each qualified student with a disability within its jurisdiction, regardless of the nature or severity of the disability.

The Superintendent of Saginaw Public Schools has appointed the Director of Special Education to serve as the District Section 504 Coordinator and implement this policy within the Saginaw Public Schools. An administrator or designee from each building will be identified as the building Section 504 Coordinator.

Section 504 covers qualified students with disabilities. To be protected under Section 504, a student must be determined to: (1) have a physical or mental impairment that substantially limits one or more major life activities; or (2) have a record of such an impairment; or (3) be regarded as having such an impairment.

Section 504 requires that school districts provide a free, appropriate public education ("FAPE") to qualified students in their jurisdictions who have a physical or mental impairment that substantially limits one or more major life activities. FAPE consists of the provision of regular or special education and related aids and services designed to meet the student's individual educational needs as adequately as the needs of nondisabled students are met and is based upon adherence to procedures that satisfy the Section 504 requirements pertaining to educational setting, evaluation and placement, and procedural safeguards.

No otherwise qualified individual with a disability shall, solely by reason of her or his disability, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity operated by Saginaw Public Schools. Discrimination can be found in exclusion, inferior treatment, or differential treatment that is not a justified response to the needs or capabilities of an individual with a disability. Discrimination is not limited to actions that result from ill will.

Examples of disability discrimination include:

* A Coach denying an otherwise qualified student from participation in an extracurricular activity due to migraines, anxiety and food allergies.

* Staff failing to notify individuals with disabilities of upcoming events and ensuring that they can participate in activities appropriately.

Disability harassment under Section 504 is intimidation or abusive behavior toward a student based on disability that creates a hostile environment by interfering with or denying a student's participation in or receipt of benefits, services, or opportunities in the institution's program. Harassing conduct may take many forms, including verbal acts and name-calling, as well as nonverbal behavior, such as graphic and written statements, or conduct that is physically threatening, harmful, or humiliating.

Examples of disability harassment include:

* Several students continually remark out loud to other students during class that a student with dyslexia is "retarded" or deaf and dumb" and does not belong in the class; as a result, the harassed student had difficulty doing work in the class and her grades decline.

* A student repeatedly places classroom furniture or other objects in the path of classmates who use wheelchairs, impeding the classmates' ability to enter the classroom.

* A school administrator repeatedly denies a student with a disability access to lunch, field trips, assemblies, and extracurricular activities as punishment for taking time off from school for matters related to the student's disability.

**NOTE:** Students who are identified as eligible for special education programs and services according to the Individual with Disabilities Education Act (IDEA 2004) criteria are not addressed under this policy. The needs of such students are provided for elsewhere under state and federal law.

**SECTION 504 POLICY GRIEVANCE PROCEDURE**

If any person believes that the school or any of the school’s staff have inadequately implemented the regulations of Section 504 of the Rehabilitation Act of 1973 or Title II of the Americans with Disabilities Act, then they may file a grievance with the school’s Section 504/ADA coordinator. In addition, if any person believes that any employee of the school, a student, or other third party has engaged in discrimination based on an individual's disability or perceived disability status, they may file a grievance with the school’s Section 504/ADA coordinator. It should be understood by the individual(s) involved that a complaint may be made to the Office for Civil Rights without going through the district's grievance procedures. The grievance procedures are to provide for a prompt and equitable resolution of a complaint.

The individual(s) who bring forward a grievance will provide the District Section 504/ADA coordinator a written statement alleging, with specificity, the violations of Section 504 or Title II. As part of the written statement, the individual(s) may propose a solution. The written statement must include the individual(s) full name, address, and telephone number. The written statement must be signed by the individual(s) and submitted to the District Section 504/ADA coordinator at:

Director of Special Education  
550 Millard Street  
Saginaw, Michigan 48607

The school’s Section 504/ADA coordinator will meet with the individual(s) within five (5) school-days of receipt of the written statement. In addition, the school's section 504/ADA coordinator will take interim measures as needed to protect an alleged victim of harassment from further harassment or retaliation while the investigation is pending.

If the individual filing the grievance alleges that the Section 504/ADA coordinator has engaged in discrimination, then the individual filing the grievance must provide the documentation to the Superintendent at:

Superintendent  
550 Millard Street  
Saginaw, Michigan 48607

The Superintendent will fulfill the role of the Section 504/ADA coordinator as described below in such an event. At the meeting, the individual(s) may present witnesses and other evidence. The coordinator will further investigate the matter and reply in writing to the individual(s) within ten school-days of the meeting. The investigation, at a minimum, will include an interview of relevant individuals and review of any physical evidence, such as documentation related to the alleged discrimination. The coordinator's reply will include any corrective action taken to prevent recurrencence of the alleged discrimination or remedy the effects of the same. If the individual(s) wishes to appeal the decision of the Section 504/ADA coordinator, then he/she may submit a signed statement of appeal to the Superintendent within ten (10) business days after receipt of the coordinator's response. The coordinator and Superintendent cannot be the same individual. The Superintendent will meet with all parties involved, conduct an additional investigation of the facts and circumstances surrounding the allegation as needed, and issue a final determination in writing within ten (10) business days of receipt of the appeal. As part of the investigation, the individual(s) filing a grievance will not be compelled to meet with anyone alleged to have engaged in the discrimination.

The individual(s) may file a complaint with the Office for Civil Rights at any time before or during the grievance procedures: Office for Civil Rights, at: U.S. Department of Education, 1350 Euclid Avenue, Room 325, Cleveland, Ohio 44115; OCR.Cleveland@ed.gov; p:(216)522-4970; and (800) 877-8339

Retaliation against any individual who files a complaint or participates in the grievance process by the school or any of the school’s staff is prohibited.
NON-DISCRIMINATORY POLICY

It is the policy of the Board of Education and the School District not to unlawfully discriminate on the basis of handicap, disability, race, religion, national origin, sex, age, marital status, height or weight. The District reaffirms its policy to comply with Title VI and VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, the Elliott-Larsen Civil Rights Act, the Michigan Handicappers' Civil Rights Act, Title II of the Americans With Disabilities Act of 1990, and all other applicable Federal and State Laws and regulations prohibiting discrimination. Inquiries regarding compliance with Section 504 of the Rehabilitation Act of 1973, and the Americans With Disabilities Act of 1990, which prohibits discrimination on the basis of handicap, should be directed to:

PERFORMANCE-ENHANCING DRUGS/COMPOUNDS

The Board of Education recognizes that the use of dietary supplements that contain performance-enhancing compounds and/or performance-enhancing drugs poses a serious health risk to students.

Accordingly, no staff member, volunteer, or contractor shall knowingly sell, market, distribute, or promote the use of a dietary supplement that contains a performance-enhancing compound or a performance-enhancing drug (e.g., anabolic steroids) to a student with whom the staff member, volunteer, or contractor has contact as a part of his/her duties. Furthermore, the staff member, volunteer, or contractor shall not endorse or suggest the ingestion, intranasal application, or inhalation of a dietary supplement that contains a performance-enhancing compound or a performance-enhancing drug by a student with whom s/he has contact as part of his/her duties.

Use of a performance-enhancing substance regardless of source by a student is a violation that will affect a student's athletic eligibility and extracurricular participation, as determined by the Board. A list of performance-enhancing substances developed by the State Department of Community Health shall be updated annually and included in AG 2431D. This notice and list shall also be published in the Parent/Student Handbook provided annually.

The Superintendent shall require that the warning notice concerning anabolic steroids as well as a warning notice about dietary supplements that contain a performance-enhancing supplement is installed and properly maintained in each of the District’s locker rooms or athletic dressing areas.

M.C.L. 333.26301 et seq., 380.1318
A fee may be charged by the District to defray the cost of personal accounts. [Note: if use of personal accounts is required for a core curricular class, no fees may be charged of a student for the duration of that class.]

System Integrity: The Superintendent shall designate person(s) trained in computer technology (“system administrators”) at the building and/or District level to implement the District’s rules and regulations and to provide computer support for students, staff and Board members. The Superintendent in concert with the system administrators shall employ hardware and software security to ensure the integrity of the system and to prevent unauthorized access to District and school records.

Network Use: The District’s computer and network use rules shall be consistent with the following requirements:

• Users may not use District equipment to perform or solicit the performance of any activity which is prohibited by law.
• Users may not use the system to transmit or publish information that violates or infringes upon the rights of any other person, or information that is abusive, obscene, or sexually offensive. The District computer equipment shall not be used for commercial purposes by any user, or for advertisement or solicitation without prior written approval from the Superintendent.
• Except with prior authorization from a system administrator or the owner of the record in question, users may not access or attempt to access the records or files of other users or of the District, nor delete, alter, or otherwise interfere with the integrity of computer-based information or resources.
• Users may not use the electronic mail facility to send unsolicited, bulk, chain, harassing, anonymous, or other messages which are an annoyance to the recipient or which may cause a degradation of system performance.
• Users may not use the network facility to access or bring into the school environment material which is inconsistent with the educational goals of the District, including but not limited to material which is defamatory, abusive, obscene, profane, sexually explicit, threatening, racially offensive, illegal, or which aids or advocates illegal activity other than non-violent civil disobedience.

Limiting Access: The administration may make use of technology which attempts to block access by individual users to networked computers, data, or services that provide content which, in the opinion of the administration, is not in keeping with the educational aims of the District pursuant to state statute. The administration is encouraged to pursue such technology for the personal accounts of elementary school children where practical.

Complaints about content of networked information or access to blocked sites shall be handled in accord with the District’s policy and procedures for complaints about library and instructional materials.

Web Page Policy: This policy applies to all web pages created by the School District of the City of Saginaw, its faculty and staff, students and district-related organizations.

The District’s Website exists for the purpose of providing an information tool and communication resource for current and prospective students and families, staff, alumni, friends of the Saginaw Public Schools, and anyone seeking to learn more about the District.

The District’s Website is governed, in part, by the following policy provisions:

• Content must adhere to all school district policies and be consistent with the mission of the district.
• Those authorized to post content on the site are specified in the Web Site Procedures.
• Student photos may not appear on the District Website unless a Photo Release Form has been signed by a parent or guardian stating otherwise, and is on file with the school. The District will only use the student’s first name and last initial. In special circumstances when the school requests permission to use first and last names with the photograph, the parent will be contacted directly for written permission.
• The District will not post personal email addresses of students.
• The District will establish external links only with those websites and organizations that relate to the District’s mission.
• District resources cannot be used to create web pages designed for personal business or personal gain.
• Contents of the web pages must follow District standards regarding discrimination and may not contain offensive material.
• The District will use an Internet content filter.

• All applicable copyright laws that apply to print and software also apply to electronic publishing.
• The responsibility for managing the technical aspects of the website lies with the Data Services Department. The responsibility for monitoring content of the website lies with the Department of Information Services, with two exceptions: 1) principals are responsible for the content and maintenance of their schools’ websites; and 2) the Personnel Department is responsible for the content and maintenance of the “Job Postings” site.

ACCEPTABLE USE OF COMPUTER NETWORK RESOURCES

Use of the computer network is a privilege, not a right. The fundamental rule for use of District computer network resources is that all use must be consistent with the District’s educational goals and behavior expectations. Because electronic communications are so varied and diverse, these rules do not attempt to enumerate all required or proscribed behavior by system users. Users are expected to use common sense and adhere to the norms of behavior in the school community. In particular, users should:

• Be polite and courteous in all communications and language.
• Assist others in the use of the system, and help others who are looking for ideas or information.
• Post and share information which is interesting and helpful to other users.
• Always use the network as a resource to further their own education and that of others.
• Be mindful of network security, and immediately report any bugs, errors, or security problems to the system administrator.

As outlined in Board Policies (5203 and 7360) and Administrative Guidelines and Procedures on Acceptable Use, the following are not permitted:

• Use the District equipment for anything contrary to law, or to solicit others to break any law.
• Illegally copy, send, or distribute any copyrighted software, work, or other material.
• Send, publish, download, access, or retrieve any communication or material, which may be defamatory, abusive, obscene, profane, sexually explicit, threatening, racially offensive, harassing, or illegal, or anything that violates or infringes on the rights of any person.
• Use the network for any commercial purpose or financial gain.
• Use the network for any advertisement or solicitation without approval from the Superintendent.
• Access, attempt to access, modify, or delete any record or file without permission or authorization.
• Make any attempt to harm or destroy the data of any other user or any system on the network, including creating or sending computer viruses, Trojan horses, or similar computer code.
• Use electronic mail to send unsolicited, bulk, chain, harassing, anonymous, or other messages, which are commonly considered an annoyance to recipients or degrade system performance.
• Use vulgarity, obscenity, or swearing in messages or electronic postings, or send e-mail/message “flames” or other attacks.
• Attempt to access material or sites, which are blocked by the District, or attempt to use the network while access privileges are suspended.

Violations may result in a loss of access as well as other disciplinary or legal action.

STUDENT ACCESS TO COMPUTER NETWORK RESOURCES

We are pleased to offer students of the Saginaw Public Schools access to the district computer network for electronic mail and the Internet. To gain access to e-mail and the Internet, all students under the age of 18 must obtain parental permission and must sign and return a use agreement form to the school office. Students 18 and over may sign their own forms.

Access to e-mail and the Internet will enable students to explore thousands of libraries, databases, and bulletin boards while exchanging messages with Internet users throughout the world. Families should be warned that some material accessible via the Internet may contain items that are illegal, defamatory, inaccurate or potentially offensive to some people. While our intent is to make access to the Internet safe by actively filtering and blocking access to inappropriate sites to ensure that students can further educational goals and objectives, students may find ways to access other materials as well. We believe that the benefits to students from access to the Internet, in the form of information resources and opportunities for collaboration, exceed any disadvantages. But ultimately, parents and guardians of minors are responsible for setting and conveying the standards that their children should follow when using media and information sources.

To that end, the Saginaw Public Schools support and respect each family’s right to decide whether or not to apply for access.

School District of the City of Saginaw
**District Internet and E-Mail Rules:** Students are responsible for good behavior on school computer networks just as they are in a classroom or a school hallway. Communications on the network are often public in nature. General school rules for behavior and communications apply.

The network is provided for students to conduct research and communicate with others. Access to network services is given to students who agree to act in a considerate and responsible manner. Parent permission is required. Access is a privilege - not a right. Access entails responsibility. Individual users of the district computer networks are responsible for their behavior and communications over those networks. It is presumed that users will comply with district standards and will honor the agreements they have signed. Beyond the clarification of such standards, the district is not responsible for restricting, monitoring or controlling the communications of individuals utilizing the network.

Network storage areas may be treated like school lockers. Network administrators may review files and communications to maintain system integrity and insure that users are using the system responsibly. Users should not expect that files stored on district servers will always be private.

Within reason, freedom of speech and access to information will be honored. During school, teachers of younger students will guide them toward appropriate materials. Outside of school, families bear the same responsibility for such guidance as they exercise with information sources such as television, telephones, movies, radio and other potentially offensive media.

**CLOSED CAMPUS**

The school district maintains closed campuses at all schools for all students Kindergarten through grade 12 during the lunch period. Closed campus is defined as remaining on school property, either inside the building or on school grounds, throughout the entire scheduled lunch period.

**ADMINISTRATION OF MEDICATIONS IN SCHOOL**

When possible, medications should be administered outside of the school day. However, the School District of the City of Saginaw recognizes the need for medication to be administered to students while they attend school. Medication must be administered in compliance with existing state and federal laws in a safe, effective manner. Due to the wide variety and complexity of medications being administered in the school setting, authorized staff will receive training.

**ATTENDANCE**

The district supports and is in compliance with the Michigan revised school code, Act 451 of 1976, MCL 380.1561, which requires the mandatory attendance on a continuous and consecutive basis. The district has a truancy policy (see page 33) developed in cooperation with all Saginaw County schools under the umbrella of the Saginaw County Intermediate School District. A copy of the district truancy policy outlining attendance requirements and responsibilities may be obtained at any Saginaw school or from the district Campus Security office.
Section 3: Student Code of Conduct

As with any incident of student behavior, school administrators must exercise informed judgment as to whether a student's actions constitute a violation of Board Policy and/or the Student Code of Conduct.

CODE OF CONDUCT

ARTICLE I • Student Discipline

A. PREAMBLE

In accordance with the provisions of law, the Board of Education has set forth in this Student Code of Conduct the rules governing the most serious and obvious types of student misconduct. The prohibited acts listed in this Student Code of Conduct are not to be construed as an all-inclusive list or as a limitation upon the authority of school officials to deal appropriately with violations of a school building’s individual rules and regulations, or other types of conduct which interfere with the good order of the school system, the proper functioning of the educational process, or the health and safety of students.

The Student Code of Conduct does not cover the School District's attendance and tardiness policies, the School District’s requirements for credit and graduation, or the School District’s authority to regulate the participation of students in extracurricular and athletic activities. A decision to expel or suspend a student from participating in extracurricular and athletic events is solely within the discretion of the Superintendent of Schools, or his/her designee.

Each prohibited act listed in the Student Code of Conduct sets forth the discipline which will be imposed for a violation. The discipline for violating some prohibited acts ranges from administrative intervention to expulsion; for other prohibited acts, the penalty ranges from suspension to expulsion; and for violation of the most serious prohibited acts, the penalty is expulsion. In cases where the stated penalty is not expulsion but is set forth in terms of a range, then the actual penalty imposed will depend upon the nature and severity of the offense, the particular facts involved, the age of the student, the student’s prior behavioral records, the recommendation of school personnel, and all other circumstances deemed relevant.

In accordance with the Board’s authority under law, a student violating any of the prohibited acts listed in this Student Code of Conduct shall be deemed to be guilty of a gross misdemeanor and will be disciplined.

The prohibited acts and penalties listed in this Student Code of Conduct are applicable when a student:

1. engages in a prohibited act on school property;
2. engages in a prohibited act in a motor vehicle being used for a school business-related purpose;
3. engages in a prohibited act at a school-related activity, function or event;
4. engages in a prohibited act enroute to or from school;
5. engages in a prohibited act involving another student who is enroute to or from school;
6. engages in a prohibited act, off school property, which has an adverse affect, interferes with, or endangers the good order of the school system, or the proper functioning of the educational process or the health and/or safety of students. For example, the sale, delivery or transfer of drugs, narcotic drugs, marijuana or other controlled substances, at any time, would be a violation of the Student Code of Conduct; or
7. engages in a prohibited act when the student was not enrolled in the Saginaw School District or was enrolled in another school district, if the act of gross misdemeanor or other misconduct would constitute a sufficient basis for suspension or expulsion had it occurred while the student was attending the Saginaw School District (see Article IV of this Code of Conduct).

ARTICLE II • Due Process Procedures

A. Introduction To The Rules Of Due Process
The following due process procedures only govern the suspension or the expulsion of a student from the School District’s regular educational program. Discipline in the form of administrative intervention is solely within the discretion of the building principal or his/her designee and is not subject to the procedures of due process as provided in this Student Code of Conduct.

If a student charged with violation of this Code of Conduct has been returned to the regular school program pending a decision by either the building administrator, hearing officer, Superintendent of Schools, or the Board of Education, then such action of reinstatement shall not limit or prejudice the School District’s right to suspend or expel the student following a decision by the building administrator, hearing officer,
Superintendent of Schools or Board of Education.

The initial judgment that a student has engaged in a prohibited act under this Student Code of Conduct shall be made by the building administrator.

B. Suspension Of Ten School Days Or Less

As a general rule, prior to any suspension of the student, the building administrator shall investigate the alleged violation of the Student Code of Conduct and provide the student with the following due process:

a. The administrator shall inform the student of the charges against him/her, and if the student denies the charges, the administrator shall provide the student with an explanation of the evidence the administrator possesses.

b. The student shall be provided an opportunity to explain to the administrator his/her version of the facts.

If a student’s presence in school poses an immediate danger to persons or property or an ongoing threat of disruption to the educational process, the building administrator may immediately suspend the student, but the next school day, the student shall be provided with his/her due process rights as set forth in subparagraphs a. and b. above.

If after providing the student with his/her due process rights, the administrator determines that the student has engaged in a prohibited act under this Student Code of Conduct, then he/she may impose a disciplinary penalty of a suspension not to exceed ten (10) school days.

The building administrator, or his/her designee, shall directly inform (in person or by phone) the student’s parent or guardian of the suspension, giving the parent or guardian a clear explanation of the reasons and conditions of the suspension. A district “Student Suspension Notice” is to be completed, with copies going to the parent and the student’s file.

C. Suspension Pending an Investigation

If a student’s presence in school or at school functions poses a threat or unsafe situation to himself or herself, other students, employees of the school district, volunteers, chaperones, or school district property due to a violation of the Student Code of Conduct, the building administrator may impose a suspension pending an investigation of the charges.

The student will be provided the following due process:

a. The student shall be notified of the charges.

b. The student shall be provided an opportunity to explain to the administrator his/her version of the facts.

c. If warranted, the administrator shall impose a suspension not to exceed ten (10) school days to investigate the charges.

If the investigation reveals the student should not be suspended, he/she will be returned to regular attendance without penalty. If the investigation reveals there has been a violation of the Student Code of Conduct, the building administrator will impose the appropriate disciplinary penalty.

The building administrator, or his/her designee, shall directly inform (in person or by phone) the student’s parent or guardian of the suspension, giving the parent or guardian a clear explanation of the reasons and conditions of the suspension. A district “Student Suspension Notice” is to be completed, with copies going to the parent and the student’s file.

D. Suspension For Eleven Or More School Days And Expulsion

1. Step One. If, after his/her investigation, the building administrator decides that a suspension for eleven or more school days or expulsion is warranted, and the Superintendent of Schools or his/her designee agrees with the administrator’s decision, the student and the parent(s) or guardian shall be notified of:

   a. the charges against the student;

   b. the recommended disciplinary action;

   c. the fact that a hearing will be held before an impartial school employee (i.e., hearing officer);

   d. the time, place, location and procedures to be followed at the hearing;

   e. the right to appeal any adverse decision of the hearing officer if the hearing officer recommends expulsion.

If the building administrator decides that the student’s presence in school would present a danger to the student, or to other students, school personnel or the educational process, then the student shall be suspended pending the decision of the hearing officer. If the student would not present a danger as described above, the student may be returned to school pending the decision of the hearing officer.

If the student is suspended pending a decision of the hearing officer, the Superintendent or designee shall appoint the hearing officer and schedule the hearing to commence within ten (10) school days following the initial suspension of the student. If the student is not suspended pending the decision of the hearing officer, the Superintendent or designee shall appoint the hearing officer and schedule the hearing to commence within fifteen (15) school days following the completion of the building principal’s investigation of the charges. The time lines for commencement of the hearing may be extended upon the request of the administrator, student, parent(s) or guardian for cause approved by the hearing officer.

2. Step Two. The hearing before a hearing officer with the parent(s) or legal guardian and student will be held for the purpose of determining the truth or falsity of the charges against the student and, if the charges are true, the appropriate disciplinary measure unless:

   a. The student and/or his/her parent(s) or guardian notify the school district that they waive their right to a hearing before a hearing officer.

   b. In such cases, the principal’s recommended disciplinary penalty shall be imposed. Provided, however, if the recommended penalty is expulsion, the Board of Education will nevertheless make the final decision on expulsion, but the decision will be based upon information submitted to it by appropriate school officials.

   c. The hearing officer may amend the principal’s charges upon motion of the administrator, student, parent(s) or guardian, or amend the charges upon his/her own motion, to conform to the evidence presented at the hearing. Additionally, the hearing officer may impose a greater or lesser penalty than that imposed or recommended by the building administrator.

3. Step Three. The hearing officer’s decision shall be given orally to the student and parent(s) or guardian not later than two (2) business days after the close of the hearing and a written decision shall be mailed not later than four (4) business days after the close of the hearing. These time lines, however, may be enlarged by the hearing officer due to extenuating circumstances.

If the hearing officer’s decision imposes a suspension of sixty (60) school days or less, then the decision of the hearing officer shall be final and not subject to further appeal. If the hearing officer recommends long term suspension or expulsion, the student and/or his/her parent(s) or guardian must be given written notice of the intention to suspend or expel the student and for cause approved by the hearing officer.

If a timely appeal is not made, then the decision of the hearing officer regarding suspension shall be final and not subject to further appeal. If the hearing officer’s decision recommends expulsion and a timely appeal is not made, the Board of Education will nevertheless make the final decision on expulsion, but the decision will be based upon information submitted to it by appropriate school officials.

Upon receipt of a timely appeal by the student and/or his/her parent(s) or guardian, the Superintendent, or his/her designee, shall notify the student and parent(s) or guardian of the hearing officer’s decision. Upon a timely appeal, the Board of Education shall consider the decision and record made before the hearing officer and shall provide for a meeting to take place for the purpose of allowing the administration and the student, parent(s) or guardian to present oral argument in support of, or in opposition to, the hearing officer’s
B. Due Process Procedures

ARTICLE III • Miscellaneous Provisions

A. Voluntary Agreement of Discipline

At any time during the disciplinary proceedings, the Superintendent or his/her designee may enter into a written contract with the student and/or his/her parent(s) or guardian setting forth the parties’ agreement in settlement of the disciplinary charges. In such cases, the written agreement shall be final and binding and may not be later challenged by the Superintendent or his/her designee or the student and/or his/her parent(s) or guardian.

B. Disabled/Handicap Students

Although disabled students are covered by the provisions of this Student Code of Conduct, the time limitations set forth in the due process procedures may be temporarily suspended or enlarged by the School District to assure compliance with federal and state laws governing the discipline of disabled students.

ARTICLE IV • Misconduct Prior To Enrollment

A. Suspension/Expulsion

In order to protect the health and safety of students and employees and to prevent threatened disruption to the educational process, an otherwise eligible resident student may be suspended or expelled on the basis of:

— a prior act of misconduct committed outside of school hours and/or off school premises when the student was not enrolled in the School District of the City of Saginaw;

— a prior act constituting a gross misdemeanor, and other acts of misconduct, while the student was enrolled in another school district if the act of gross misdemeanor or other misconduct would constitute a sufficient basis for suspension or expulsion had it occurred while the student was attending the School District of the City of Saginaw.

B. Due Process Procedures

1. Step One. The building administrator, with the consent of the Superintendent of Schools, or his/her designee, shall make the initial judgment if a student’s prior misconduct is of sufficient gravity that the student’s presence in school would represent a threat to the health and safety of other students and/or school personnel or threaten disruption to the educational process.

   If the initial judgment is that the student’s presence in school represents such a threat, the student shall be temporarily suspended from school and the student and the parent(s) or guardian shall be notified of:

   a. the prior act of misconduct relied upon by the building administrator which forms the basis for his/her decision to deny attendance;

   b. the building administrator’s recommendation regarding the suspension or expulsion of the student;

   c. the fact that a hearing will be held with the parent(s) or legal guardian and student before an impartial school employee (i.e., hearing officer);

   d. time, place, location and procedures to be followed at the hearing;

   e. the right to appeal any adverse decision of the hearing officer if a suspension is for more than sixty (60) school days or if the hearing officer recommends expulsion.

   The student and/or his/her parent(s) or guardian may waive their right to a hearing before the hearing officer. In such cases, the principal’s recommended disciplinary penalty of suspension or expulsion, as the case may be, shall be imposed.

2. Step Two. If the due process hearing is not waived, the hearing officer shall convene a hearing for the purpose of determining if the student’s prior act of misconduct is an act of gross misdemeanor or other misconduct which would constitute a sufficient basis for suspension or expulsion had it occurred while the student was attending the School District of the City of Saginaw. If the prior act would be of sufficient basis, and the student’s presence in school would represent a threat to the health and safety of other students and/or school personnel or threaten a disruption to the educational process, then the hearing officer shall decide the appropriate disciplinary penalty.

   The hearing officer may amend the principal’s charges upon motion of the building administrator or amend the charges upon his/her own motion to conform to the evidence presented at the hearing. Additionally, the hearing officer may impose a greater or lesser penalty than that recommended by the building administrator.

   The hearing officer’s decision shall be given orally to the student and parent(s) or guardian not later than two (2) business days after the close of the hearing. If possible, and a written decision shall be mailed not later than four (4) business days after the close of the hearing.

   If the hearing officer’s decision imposes a suspension of sixty (60) school days or less, then the decision of the hearing officer shall be final and not subject to further appeal. However, if the hearing officer recommends long term suspension or expulsion, the student and/or his/her parent(s) or guardian must be given written notice of the intention to suspend or expel and the reasons therefore, and an opportunity to appear with a representative before the Board to appeal the hearing officer’s decision and to answer charges.

3. Step Three. If an appeal is going to be made to the Board of Education concerning the hearing officer’s decision, the student and/or his/her parent(s) or guardian must file an appeal in writing with the Superintendent of Schools within five (5) calendar days following receipt of the hearing officer’s written decision.

   If a timely appeal is not made, then the decision of the hearing officer regarding suspension shall be final and not subject to further appeal. If the hearing officer’s decision recommends expulsion and a timely appeal is not made, the Board of Education will nevertheless make the final decision on expulsion, but the decision will be based upon information submitted to it by appropriate school officials. Upon receipt of a timely appeal by the student and/or his/her parent(s) or guardian, the Superintendent or his/her designee shall notify the student and parent(s) or guardian of a brief description of the student's rights and of the hearing procedure, a list of witnesses who will provide testimony to the Board and a summary of the facts to which witnesses will testify, the time, place, location and procedures to be followed at a Board of Education hearing.

   Upon a timely appeal, the Board of Education shall review the decision and record made before the hearing officer, whether the student should be suspended pending the decision of the Board of Education.

   Upon a timely appeal, the Board of Education shall review the decision and record made before the hearing officer and shall provide for a meeting to take place for the purpose of allowing the student, parent(s) or guardian to present oral argument why they disagree with the hearing officer’s decision.

   The Board, no later than at its next regular public meeting following the hearing with the student, parent(s) or guardian, shall make a decision and shall, not later than ten (10) business days following the public meeting, mail to the student, parent(s) or guardian a written notice of the decision.

GRADES 7-12 INTERSCHOLASTIC CODE OF CONDUCT

The interscholastic athletic program of the Saginaw Public Schools is a vital part of the total education program. Research indicates a student involved in extra-curricular activities has a greater chance for success during adulthood. Many of the character traits required to be a successful participant are exactly those that will promote a successful life after high school. The purpose of interscholastic athletics is to make a positive contribution to the development of the participants, spectators, school, and community.

As an integral part of the educational process, the athletic program should always conform and support the objectives and standards of the school. The total educational curriculum must take precedence to the athletic program. Athletes should strive for educational excellence, playing excellence, as well as staying within the boundaries of good sportsmanship. Each high school age child participating in sports is required to have a physical examination and health insurance. For information on obtaining health insurance, please contact the school secretary.

- To The Parents:
  It should be remembered that participating in athletics is a privilege, not a right. The major focus is teaching skills, attitudes, knowledge and sportsmanship. The lesson students learn, by being part of a team, teaches them responsibility, cooperation, dedication and determination, which are all valuable lifetime skills.

- To The Athlete:
  The privilege you have earned to be a part of an interscholastic athletic team at one of our schools is a true extension of your work in the classroom. We hope you will benefit as much from your athletic experiences as you do from academic endeavors.

- To the Fans:
  You are an important part of any athletic event. The schools, coaches and the students who are members of the various athletic teams of the Saginaw Public Schools appreciate the support shown by the fans.

6. Athletes must adhere to the training rules.
ACADEMIC REQUIREMENTS FOR PARTICIPATION
The rules and regulations for athletic participation are driven by the new State Graduation Requirements and the more rigorous academic standards that are required of all students.

The School District of the City of Saginaw’s guidelines for athletic participation include three components:
• Grade Point Average
• Academic Support
• Implementation Timelines

The guidelines apply to both middle school and high school students who participate in interscholastic athletics.

Implementation Date: Effective Immediately
Full Implementation September 2011-2012 school year

Academic Support
• Structured Tutorials in Reading and Mathematics
• Student Success Centers
• Weekly Progress Reports -- Grades, Attendance, Behavior

Highly Qualified Teachers will teach all tutorials.
Disciplinary action can be taken if a student is not meeting his or her weekly progress report standards in any of the three areas.

Administration of Rules and Guidelines
The athletic directors at the district’s middle schools and high schools are responsible for administering the rules and guidelines.

STUDY TABLE POLICY
All student athletes in grades 6-12 are eligible to participate if they meet the following requirement set by the Saginaw Board of Education and the MHSAA:

All student athletes must attend a mandatory study table Monday-Thursday (30 minutes for grades 6-8) and (60 minutes for grades 9-12) during their season, unless a time change is authorized by the District Athletic Director.

All eligible student athletes must meet the following requirements set by the Saginaw Board of Education and the Michigan High School Athletic Association:
• 2.0 cumulative grade point average
• 2.0 Weekly Progress Report Average
• MHSAA requirement of passing 4 of 6 classes

All eligible student athletes failing to meet 2.0 GPA and study table requirements will result in the following consequences:
• 1st Offense - 1-week suspension from activity
• 2nd Offense - 2-week suspension from activity
• 3rd Offense - Removal from activity for that season

All student athletes not meeting the 2.0 cumulative GPA are deemed ineligible and will serve a 2-week suspension. Student athletes will be reinstated if the following requirements are performed:
• Attended all mandatory study tables on time
• Established a 2.0 or above GPA for the remainder of the activity

Failure to meet these requirements will result in dismissal from activity. Team study table will not be required on the following days:
• Early Dismissal
• Friday
• Game Day

On game days and early dismissal, student athletes must leave the building if not supervised by a coach. Each school must reserve a designated study area, cafeteria or media center for student athletes to report. Student athletes are allowed to go to the restroom but should return in a timely manner.

ATHLETIC TRAINING RULES
Philosophy: As representatives of the Saginaw Public Schools, athletes are expected to conduct themselves in an exemplary manner at all times. Schools and communities are judged by the actions and behavior of their students, and in particular, their athletes. It is a privilege to compete in athletics, and our athletes must subscribe to certain rules and regulations. These rules and regulations have been instituted for the benefit of the athlete. Athletes are required to follow all MHSAA, Saginaw Valley Conference and Saginaw Public Schools rules and regulations. Not following these rules could result in suspension or dismissal from a team.

We, therefore, insist that you, as an athlete, follow these training rules that have been adopted by the Saginaw Board of Education, which specifically prohibits:

1. Possession or use of intoxicating beverages, and/or being under the influence thereof.
2. The use of tobacco or tobacco products in any form.
3. The use or possession of narcotics and/or drugs unless medically prescribed.
4. Socially unacceptable behavior that detracts from the athletic program and tends to bring discredit upon the team, the school, or the individual. This would include suspension from school, criminal convictions and/or violation of the policies and procedures of the School District of the City of Saginaw.

Penalties for violation of rules 1, 2, 3:
First Violation - The athlete will be suspended from the next interscholastic contest.

Second Violation - The penalty will be double the penalty for the first violation. However, the athlete is subject to a more severe penalty at the discretion of the Coach, Athletic Director or Administration.

Subsequent Violations - Immediate suspension from all athletics. The length of the suspension will be determined by the Administration, Athletic Director, and the Coach or Coaches involved. The penalty will be a more severe penalty than that stated for the previous violation. The athlete will be informed of his/her penalty at a meeting with Administration, the Athletic Director, and Coach involved.

Penalties for violation of rule 4:
The length of suspension and/or any further disciplinary action for violation of rule four will be determined by the Administration, the Athletic Director, and the Coach(s) involved. The minimum penalty shall be identical to the penalty for a violation of rules 1, 2, and 3.

For the first and second violations, the suspended athlete must attend all practices and contests for which he/she is suspended and must be seated on the team bench, but not in uniform. Penalties may carry over into MHSAA tournaments. In the case of not being able to meet the penalty requirement for a violation, the rest of the requirement will be fulfilled in the next sport in which he/she competes. This includes carrying the penalty over to the next school year.

Criminal Acts: Athletes charged with a criminal act that was allegedly committed off school premises will be considered in violation of athletic training rules when the athlete/participant is convicted in a court of law of said crime. This can include misdemeanors and/or felony offenses. Police reports will be reviewed with the police liaison officer in such cases and the school district will impose appropriate penalties.

Attendance: Students are required to be in attendance for the full day of school in order to participate in practices or games. Any exception must have Athletic Director or Administrative approval.

Suspensions: Students who are suspended from school are not allowed to compete in practices or contests until they return to school.

Section 4: Permission & Consent Forms

**PURPOSE:** The following pages represent various forms that require student and/or parent signatures. They do not represent all required forms, however, they are representative of the most common forms parents can expect to be asked to sign. All forms are available in the offices of our schools. When students are participating in activities outside the normal instructional environment, permission slips, forms and waivers are used. You should be familiar with these forms and expect to have them brought home for your review and approval. If you have any questions regarding the use of these forms, please call your school principal.

**GUIDELINES FOR FIELD TRIPS**

**DEFINITION**
The following guidelines apply to any school sponsored trip away from the school campus (classroom) for the purpose of expanding student learning experiences first hand - either walking or transported. The procedures include field trips taken during or after normal school hours.

**REQUEST**
Request for permission with the signature of teacher and principal should be submitted to the appropriate division head (i.e., Elementary, Secondary, or Special Education) or his/her designee no later than three weeks prior to the date of the trip. The educational purpose of the field trip must be stated as this will be a key factor in granting approval.

**MODE OF TRANSPORTATION**
Mode of transportation in order of recommended use.

1. School system buses are to be used whenever possible/feasible. The number of riders is not to exceed the designated capacity of the vehicle for the given age group.
2. Commercial transportation can be used but the number of riders is not to exceed designated capacity.
3. Private buses (i.e., church, police, or other recognized organization) may be used with Transportation Supervisor’s approval under the following stipulations.
   a. Must have current certificate of safety from Michigan State Police.
   b. Driver must have appropriate chauffeur's license.
   c. Liability insurance of $500,000 to $1,000,000 and general bus insurance are required.
4. Private vehicles (cars, vans, etc.). It is recommended that private autos be used as a last resort. If they are used, the following stipulations apply:
   a. The individual driving must be a responsible licensed driver who has reached the minimum age of 21 years. Proof of proper license and car registration is required and should be made available to school personnel. A copy of each should be maintained at the school.
   b. The owner of the car has insurance, preferably carrying $300,000 single limit liability coverage. Proof of adequate insurance coverage is required, and a copy maintained at the school.
   c. It should also be understood that there cannot be an agreement to reimburse the individual for expenses as with such an agreement the individual would be considered an agent rendering service of the district instead of a volunteer.
   d. The number of students transported is not to exceed the number of seat belts available. The use of seat belts is State law.

**NOTE:** Parents must complete the appropriate volunteer form(s) and clear a district background (ICHAT) check to participate in district sponsored field trips.

**TEACHER’S RESPONSIBILITIES**

**A.** Before the trip, each teacher must provide to the Principal’s Office, the following information:
1. Permission form for each student.
2. A class list with addresses and phone numbers which identifies students going on the trip, students who are absent, and students assigned to other classrooms. The teacher will take a copy with her/him, and provide a copy to the bus driver.
3. List of chaperones, one for every six children on trips out of town; one for every ten on in-town trips is recommended. Chaperones are to supervise groups assigned to them and agree not to bring other children with them. The adult-pupil ratio may vary from trip to trip as affected by:
   a. number of students
   b. age of students (i.e., kdg. vs. 5th graders)
   c. distance to be traveled
   d. length in time (i.e., 1 day vs. 3 days requiring supervision overnight)
   e. mode of transportation
   f. the nature of the final destination (i.e., large zoo vs. small zoo, activities near or involving water vs. trip to local library, number of other people at the same site from other districts across the country.)
4. A copy of rules reviewed with students.
5. Inform school office of bus number before leaving school
6. All field trips require instructor/supervisor present on bus.

**B.** Children should carry an identification card or wear a name tag which includes student’s name, school, school district and telephone numbers for student’s home, school, and emergency contacts.

Please note: Each fall, parents can purchase an inexpensive insurance policy available for student injury coverage during or relating to participation in school activities. For a nominal annual fee, the student is covered for all costs relating to medical expenses not otherwise covered by the parents’ primary insurances.

**PARENT PERMISSION**
All students must have written permission from parent(s) or guardians. The parent permission form is to be kept in the school office and should include date of trip and destination. Permission forms must remain in the school office until the beginning of the following school year.

### TITLE I POLICY

**Introduction**
The Title I, Part A program is designed to help disadvantaged children meet high academic standards by participating in either a school wide or a targeted assistance program. **School-wide programs** are implemented in high-poverty schools following a year of planning with external technical assistance and use Title I funds to upgrade the entire educational program of the school. **Targeted assistance programs** provide supplementary instruction to children who are failing or most at risk of failing to meet the district’s core curriculum standards. School-based decision-making, professional development, and parent involvement are important components of each district’s Title I, Part A program.

**Purpose of Programs**
Designated to help disadvantaged children meet high academic standards; to help children who are failing or most at risk of failing to meet the district’s core academic curriculum standards. Both school-wide and targeted assistance programs are to provide supplemental instructional services to identified children.

**Who is served?**
- **School-wide:** After the required one year of planning, the program addresses the needs of all students in the school, but particularly the needs of low achieving children who are most at risk of not meeting state standards.

**Targeted Assistance:** Only students identified as failing, or most at risk of failing, to meet the State’s challenging student performance standards. Students in preschool through second grade are selected solely on the basis of teacher judgment, interviews with parents and developmentally appropriate measures.

**WHEN A CONCERN ARISES**
Saginaw Public Schools believes that all children can be successful, and in order for this to occur, communication between staff and parents needs to be open and honest. We urge you to feel free to contact your child’s teacher when you have a concern. Please refer to the chart for guidance as the sequence of steps to be taken.

As a PRINCIPAL, I support this School Parent Compact and shall strive to do the following by:

1. Providing an environment allowing for positive communication between the teacher, parent, and student.
2. Providing a quality curriculum and instructional practices that will allow students to become effective learners.
3. Providing opportunities for parents to be involved in the school in their child’s education.

Principal’s Signature __________________________________________ Date __________________________

This Compact is not intended to be a legal document or contract with grants to any party legal rights or creates enforceable legal obligations. The commitments set forth above are goal statements which outline shared responsibilities for improving student achievement. That means the commitments are voluntary and are not binding on the Parent(s) or on the School District of the City of Saginaw and its employees.
WHAT PARENTS CAN DO TO PREPARE FOR PARENT-TEACHER CONFERENCES:
• Make a list of things that will help the teacher understand your child better.
• Make a list of things you want to find out from the teacher.
• Be on time – Follow the schedule.
• Call ahead of time about rescheduling your conference.
• If possible, both parents should attend the conference.
• Ask the teacher how you can help your child at home.
• Remember that you and the teacher have a sincere interest in your child.

HOW CAN I HELP MY CHILD SUCCEED IN SCHOOL?
1. Let your child know that you think school is important.
2. Set a regular bedtime. Age should not be a factor.
3. Provide your child with plenty of time to get ready for school.
4. Provide an alternate plan of transportation for getting your child to school on time, just in case you are unable to get him/her there.
5. Schedule doctor’s, dentist’s, and other appointments before and after school hours.
6. Plan for scheduled appointments around the school day. If appointments must be during the school day, plan them so that your child does not miss the same class every time.
7. If your child must be out of school for part of the day, allow him/her to miss only that time necessary for the appointment.
8. View tardiness as unacceptable behavior.
9. Refuse to write an excuse for anything other than legitimate absence.
10. Be sure make-up work is completed promptly.
11. Notify the school as soon as possible in cases of prolonged absences due to hospitalizations, etc.
12. Use good judgment. Don’t send a sick child to school.
13. Plan family vacations in accordance with the school calendar as much as possible.
14. Talk to your child about responsibility and the need to develop good work habits and positive attitudes.

FAMILY VACATIONS:
Each day is an integral part of a planned instructional program by your child’s teacher(s). No amount of make-up work can possibly replace what a child learns by attendance in school and direct teacher instruction. If a family vacation is planned during the school year, the parent/guardian should notify both the teacher and principal no fewer than three days before departure. Children will be responsible for making up assignments upon their return.

PARENT WORKSHOPS:
Parent workshops will be offered on a district, school, and/or classroom level.

APPOINTMENTS/MESSAGES/TELEPHONES
To the best of your ability, we ask that appointments (dentist, doctor, hair, etc.) be scheduled for after school hours. It is the responsibility of the parents to notify students in advance of appointments and other messages before their arrival at school. The school is not equipped to relay messages during the day to students during class time. School telephones are to be used for school purposes during the school day.

• Make their best effort to meet classroom expectations.
• Seek clarification if unclear about an assignment or application.
• Maintain a high standard of performance according to their ability.

• Notify the school district in writing of any person who has authorization to receive disclosure of records.

PARENTS HAVE THE RIGHT TO:
• Expect the district to comply with the requirements of the Family Educational Records and Privacy Act (FERPA) and The Education of the Handicapped Act-Part B (EHA-B) in connection with disclosure of records.
FREE SPEECH/EXPRESSION
One of the goals of the Saginaw Public Schools is to prepare students for responsible self-expression as permitted under the First and Fourteenth Amendments to the United States Constitution. Self-expression, however, must not interrupt the orderly educational process of the school or be a violation of the code of conduct.

STUDENTS/PARENTS HAVE THE RESPONSIBILITY TO:
• Request in writing that the student shall be excused from any activity that conflicts with their beliefs.

STUDENTS/PARENTS HAVE THE RESPONSIBILITY TO:
• Attend all classes daily and be punctual.
• Verbally notify the school of an absence on the day of an absence.
• Remain on school premises in accordance with building policy.

The Revised School Code (Excerpt)
Act 451 of 1976
Except as otherwise provided in this section, every parent, guardian, or other person in this state, having control and charge of a child from the age of 6 to the child’s sixteenth birthday, shall send that child to a public school during the entire school year. The child’s attendance shall be continuous in and consecutive for the school year fixed by the school district in which the child is enrolled. In a school district that maintains school during the entire calendar year and in which the school year is divided into quarters, a child is not required to attend the public school more than 3 quarters in 1 calendar year, but a child shall not be absent for 2 or more consecutive quarters.

HOMWORK ASSIGNMENTS
Homework is a beneficial and necessary tool, which aids students in their academic growth. It is used for review and reinforcement of concepts already under study. The frequency of specific assignments depends upon the teacher’s judgment of the needs of an individual or group of students.

We believe that homework is an integral part of the educational program. It provides communication to the home relative to school. Assignments are designed to provide practice in needed skills, and the role of the parents should be to observe such practice, not be a participant. Parents are not expected to teach their child new skills. Since homework should be an outgrowth of school activity – concepts / skills taught in the classroom – children should meet the following guidelines for completion of tasks:

Kindergarten & Grade 1: 10 minutes per day
Grade 2: 20 minutes per day
Grade 3: 30 minutes per day
Grade 4: 40 minutes per day
Grade 5: 50 minutes per day

The time allotments are established to guide parents’ understanding of how successfully a child is learning prescribed skills. If a child is spending an extraordinary amount of time on homework their teacher should be notified. This may signal that additional instructional help is necessary. The above times are provided only as guidelines and may be exceeded on a daily basis when schedule or calendar changes occur.

Homework Assignments During Student Illnesses
Parents are asked to notify the school office before 11:00 AM if homework assignments are requested during student illnesses. This will enable the classroom teacher to gather the materials necessary for the assignments.

Helping with Homework
Saginaw Public schools has a comprehensive literacy approach that is grounded in research and incorporates phonics, word study and spellings, vocabulary, fluency, comprehension and writing. Our comprehensive literacy approach has teachers incorporating best practices for literacy instruction.

Literacy is the ability to access and share information and ideas through listening, speaking, reading, and writing. Our literacy approach also includes interventions for students who need additional support, assessments that guide instruction and on-going professional development. Our K-5 literacy instruction incorporates oral and visual communication, writing, reading, researching and critical thinking in meaningful ways throughout the school day.

Learning to read is hard work for children. Becoming a reader involves the development of important skills and the good news is that you can help. At home you can help by teaching your child rhymes, short poems, songs, and play simple word games. Ask your child, “How many words can you make up that sound like ‘bat’?”

Help your child separate the sounds in words, listen for the beginning and ending sounds, and put separate sounds together. Practice the alphabet and read alphabet books. Use labels on boxes, signs, newspapers, and magazines to point out letter-sound relationships, and listen to your child as he or she practices to read. Be patient, and show your child that you are proud of the hard work.

For older children, have them re-read familiar books and talk with them about the characters, places, and events that took place. For more information, call the main number of your child’s school and ask for the building principal.

SPECIAL EDUCATION SERVICES
All special education students have an Individualized Educational Plan (IEP) written for them annually and their classes are provided in the least restrictive environment. Special education students follow the same school rules, regulations, and policies as general education students unless altered by an Individualized Educational Planning Team (IEPT) decision or if the local policy is in conflict with a county, state, or general rule/policy. The Special Education Department provides a parent handbook including information such as special education laws, parent’s rights, special education policies, and organizations available to assist parents.

ATTENDANCE

Philosophy
We believe that education is a life-long process. The attendance policy of the School District of the City of Saginaw is designed to promote dependability and promptness. These qualities are important to an individual’s future, whether in education, on the job, socially, or among family. Each student, and his/her family, should accept responsibility for observing the attendance rules and procedures. The principal/teacher reserves the right to contact parent/guardian if attendance is a factor in the student’s school success.

Procedures
Parents or guardians are asked to call the office between 7:30 AM and 9:00 AM to report the day(s) of known absences. Absences must be reported within 24 hours to be verified (excused). In case of an illness, parents/guardians are asked to call every day. In case of extended illness, parents may specify longer periods of absences.

Early Release
An unplanned or early release of students will require parent/guardian to come to the office before the release will take place. Please send a note or leave a voice mail as early as possible informing the teacher so that homework preparation can be made.

Tardy Policy
Students are expected to arrive at school on time. Students arriving late to school must sign in at the office. Following three tardies, a notification will be sent to the parent/guardian regarding excessive tardiness. Following five tardies, a mandatory parent conference with the principal will be scheduled. If tardies continue, a district truancy officer will become involved.

Attendance Policy
STEP I – If a student arrives more than 20 minutes after the starting time, a half-day absence will be recorded. After three days, a letter will be sent to the parent/guardian. A meeting with the parent/guardian will be held. A physician’s letter regarding the absences may be requested.
STEP II – If excessive absences continue following the action outlined in STEP I, a referral will be made to the Campus Security Department at the School District of the City of Saginaw.

Truancy Definitions
Absence: Failure to be present for all or part of a scheduled school day. (Absences of less than 20 minutes shall be considered tardies.)

Tardy: An absence of less than 20 minutes.
Truancy: Any absence for which there is not a justifiable and appropriate reason.

Each school building in the School District of the City of Saginaw will establish an attendance review committee. The committee will review each pupil’s attendance record after 5 absences or 7 tardies in a semester. The committee will re-examine each pupil’s attendance record following each 2 additional absences/tardies (above 5 or 7 respectively). The minimum attendance requirement is 90%. Secondary pupils must be in attendance at least 90% of the time for each class in order to earn academic credit hours each semester. Elementary pupils must be in attendance 90% of the scheduled clock hours each semester. All pupils should make every effort to be in school and on time every day. The Superintendent, in cooperation with the attendance review committee, may waive the 90% minimum attendance under certain circumstances.

Attendance Responsibilities

Pupils Are Expected To:
1. Accept responsibility for being present and on time to all classes.
2. Inform each teacher before necessary absences when possible.
3. Get make-up work from teacher, complete it, and submit it in a timely manner.

Parents/Guardians Are Expected To:
1. Encourage daily and punctual attendance.
2. Exercise good judgment regarding the justifiability and appropriateness of all absences.
3. Limit school absenteeism for other than health reasons to an absolute minimum.
4. Notify the school when student must be absent and support the reason with official documentation if requested.
5. Confer with the school in cases of attendance issues.
6. Monitor student’s make-up work for timely completion.

Administrators Are Expected To:
1. Record and monitor accurate day-to-day attendance records for each student as per School District of the City of Saginaw policy, collective bargaining agreement, or building rules.
2. Provide make-up work to students in a timely manner, as required by School District of the City of Saginaw policy, collective bargaining agreement, or building rules.
3. Communicate with parents/guardians regarding pupil absences and the importance of regular attendance and punctuality.

DISTRICT PROCEDURES

Closed Campus
The Saginaw Public Schools operates under a CLOSED CAMPUS policy. After arriving at school, students may not leave the school campus, other than for an approved educational activity (for example: field trips, attendance at the Saginaw Career Complex, attendance at the Saginaw Arts and Sciences Academy, athletic contests, etc.).

If a student becomes ill during the school day, there must be a parent/legal guardian contact and the parent/legal guardian, or parent-authorized adult, must sign out the student in the office before leaving. Students will not be excused to leave school for personal business, personal errands, or to go to lunch. Violations of this policy will result in disciplinary action.
Field Trips/Special Activities
Students are representatives of the school on trips and they will be expected to behave in a manner that reflects positively on the Saginaw Public Schools. Parents will be notified of upcoming field trips in writing. School trips and special activities are considered a privilege and, therefore, involve eligibility. The following list includes examples of types of infractions that are grounds for trip/activity denial:

- Students who have had teacher, lunch, or after school detentions.
- Students who have had out-of-school suspensions.
- Students who have been disruptive or disrespectful.
- Students who have had problems on the bus.
- Students who have a record for any inappropriate behavior.
- A staff committee will review all students before the trip/activity to determine eligibility.
- In the case of an educational field trip, a parent must accompany the child if a disciplinary infraction occurred prior to the field trip.

NOTE: Parents must complete the appropriate volunteer form(s) and clear a district background (ICHAT) check to participate in district sponsored field trips.

Fire Drills
Students will be notified which exit is to be used and how the fire drills will be conducted. The students will be given special instruction concerning the procedure. The following procedures will be used:
1. Each class will leave by its own exit according to the teacher’s instruction.
2. All students must evacuate in single file from the building even if the event is a practice drill and not a real emergency.
3. Teachers will have their attendance books and will account for all students after evacuation.
4. Students are to stay together in a calm and quiet manner during the emergency procedure.

Tornado Drills
Students will be notified of emergency procedures for tornado drills from their teacher. A series of bells ringing over the public address system will inform of a tornado drill. The following procedure will be used:
1. The teacher will escort the class to their designated area.
2. Students will be directed to assume a crouched position on the floor with heads tucked close to their body while hands and fingers are intertwined over their necks.
3. No one will be dismissed during this emergency, even if the normal school day is over, until an “all-clear” signal is given.
4. Students are to remain calm and quiet during the drill.

Bathroom Policy
Guidelines for Elementary Students
1. On a daily basis, classroom teachers will follow a staggered schedule, as deemed necessary, in order to allow students to use the student bathrooms. A staggered schedule will alleviate congestion in the hallways and bathrooms while classroom groups of students wait to use the bathroom.
2. An adult will supervise students using the bathroom during a class bathroom break. Supervision of students during bathroom breaks entails monitoring to ensure that students spend only a reasonable amount of time in the bathroom.
3. In the event of an emergency, or if a student has a medical condition that requires frequent use of the bathroom, the office will be notified (preferably by telephone). To the extent possible, a staff member will then be sent by the office to accompany the student to the bathroom and remain outside the bathroom when the student uses the bathroom.
4. During the assigned classroom bathroom breaks, staff members of the same gender, to the extent possible, should go into the student’s bathroom while students are using it and make sure that all of the students have returned to their classroom.

Guidelines for Middle School & High School Students
1. Teachers will continue reminding students that bathrooms should be used before school, after lunch, in between classes or after school and not during instructional time. Exceptions to this procedure will apply only to students who have documented medical conditions that require bathroom use. During class time, other student emergency use of the bathroom will be allowed under special and unusual circumstances only.
2. The classroom teacher may give permission for students to use the bathroom ONLY during specified times within each class period and not during the time frame of “10/10” or “20/20” rule (students cannot leave the classroom 10 or 20 minutes after class has started or the same amount before class ends).
3. When permission to use the bathroom has been given, students must have a Hall Pass or a Student Planner Pass in their possession.
4. Campus Support Staff and Campus Security staff will routinely supervise bathrooms to ensure that all students return to their respective classrooms.

Hall Passes
Any student who needs to be in the hall during classroom instructional time will be required to carry a hall pass from their teacher. Students will be referred to the school office if unable to present a hall pass upon request from any staff member.

Health and Medical
An information card must be completed and filed in the school office. This will inform the school of who to contact in case of an emergency. Please be certain to note existing medical conditions such as asthma, allergies, food allergies, etc.

Parents/guardians should be aware of their children’s state of health and should have them attend school only if they are well. If a child becomes ill during the school day and cannot participate in classroom activities, parents/guardians will be notified. Proper arrangements will be made at the time for dismissal of the student. All contagious diseases must be reported to the office.

A completed medication form shall be filed by the parent/guardian before the school will administer medication. This form is available in the office and medication will require a physician signature. All medication will be stored and administered in the school office.

School Assemblies
Assemblies will be held periodically to give opportunity for students to hear cultural groups, present programs, hear outstanding speakers, and receive instructions on matters of common interest to the entire school body. Religious subjects are not considered appropriate. Assemblies are considered part of the school day, therefore, rules of common courtesy will be adhered to at all times.

“With few exceptions, elementary school programs should be about 30 minutes in length, Middle school programs no more than 40-45 minutes long, high school programs no more than 50-60 minutes.”

School Accidents
All student injuries are to be reported to the teacher so that the cause and extent of injury can be determined. A student accident report must be completed and filed with the building principal.

Student Information/Change of Address
If a student’s last name, street address, or telephone number changes at any time during the school year, the main office should be notified immediately. This is very important in keeping records up to date in order for the school to contact a parent or guardian in the case of any emergency.
Textbooks
Students will be held responsible for marks in their textbooks as well as the condition of the textbook. The following policy will be enforced:

1. Textbook conditions will be recorded along with the book number at the time the book is issued. If there is any writing in ink in a text, this will be recorded so that the student is not charged unfairly at the end of the year.
2. The book must have the number in the front of the book and be unaltered when it is returned. If the number is gone, the student will be required to replace the book.
3. Students will be charged for any ink or pencil marks, torn pages, removed pages, or binding. The student is responsible for covering damage, up to and including the replacement cost of the book.

Visitors
ALL VISITORS MUST REPORT AND SIGN IN TO THE SCHOOL OFFICE. THEY WILL BE ISSUED A VISITOR’S PASS AFTER SIGNING IN.

GENERAL PROCEDURES

Animals/Pets
Animals may be brought to school with permission of the building principal following the School District of the City of Saginaw’s guidelines for animals in the classroom.

Bicycles
Students who ride their bikes to school do so at their own risk. They are expected to comply with safety and traffic rules and procedures. By law, they are required to have a bicycle license. Helmets are recommended. The school is not responsible for lost or stolen bikes. Bike racks are provided. It is recommended that all bicycles have locks. Bicycles may not be ridden on school property or played with during school hours.

BUS TRANSPORTATION/ STUDENT DROP-OFF & PICK-UP

School Bus Rules
Riding a school bus is a privilege. It is expected that students will behave themselves while on the bus. A detailed explanation of behaviors that will result in disciplinary action are listed in this handbook. Violation of any of these rules as specified in the District’s handbook may result in discipline that can include “loss of bus privileges, suspension from the bus and/or school, and in severe cases, expulsion.”

It is the parent’s/guardian’s responsibility to ensure their children arrive safely at the bus stop fully clothed, toileted, and ready at the bus stop in the morning (5) minutes prior to the anticipated arrival and pick-up by the bus. It is also the parent’s/guardian’s responsibility to meet the bus when the children are delivered home. Parent’s/guardian’s are encouraged to be at the bus stop five (5) minutes prior to the anticipated arrival and drop-off by the bus.

If a parent/guardian/authorized adult is not present, children under grade 3 will not be left at the bus stop. The bus driver will leave a yellow tag on the door of the house informing the parent that an attempt was made to deliver their child and requesting they call the bus garage. The bus driver will complete the route and return to the house to attempt to drop off the child. If there is no adult available at this time, the driver will call the dispatcher for an emergency address. The driver will attempt to drop off the child at the emergency address. If this is not successful, the child is taken to the bus garage. The parent/guardian/authorized adult has until 6:00 PM to come to get the child. The bus will not take them home after the child has been taken to the bus garage. If the child is still waiting at the bus garage at 6:00 PM, the police are called. The police will then handle contacting parents and/or necessary agencies such as social services, if deemed appropriate.

Drop-Off
For safety reasons, students should not be dropped off any more than 20 minutes before authorized starting time.

Dismissal Procedures
At dismissal, parents will be asked to wait in a designated area. Parents are requested to remain in the designated area for safety purposes and continuity of instruction. Parents should not arrive more than ten minutes before the end of the day.

Student Clubs/After School Activities
All students at the Saginaw Public Schools are encouraged to take advantage of the many extracurricular activities available. Various clubs, intramural and community education sports, and tutoring will be offered throughout the year.

Lost & Found
Articles found at school are to be turned into the office. It will be the student’s responsibility to check the office for missing items. Items left in the “Lost and Found” area at the end of each semester will donated to charity. The school encourages labels on all personal items for easy identification.

Fundraisers
The principal must approve all fundraisers according to board policy. If a fund raising project is to sponsor a specific purchase, activity or trip, the purchase or trip must be approved prior to initiation of the fund raising effort. This shall apply to school related groups as well as to school organizations. Only school-sponsored groups may sell or solicit in a school building and then only with the school housing the group, during non-instructional time. Written parental/guardian consent must be signed and returned to the school before elementary students can sell door-to-door. Community and school support fund-raising organizations that are primarily adult, such as booster clubs, PTA’s, etc. may contribute to the enrichment of school programs through the contribution of funds and/ or items considered to be non-necessities, as long as those contributions have been determined to be consistent with the educational and co-curricular/extra-curricular programs of the District, and approved by the Superintendent through the appropriate building or program administrator. All fund-raising projects carried on by these groups shall require approval by the Superintendent.

Lockers & Desks
Lockers will normally be issued to students for the duration of the school year. Students are responsible for the care and condition of their lockers. Student lockers are school property and remain at all times under the control of the school district. Problems with lockers should be taken to the principal. Change of lockers will be approved only for good and sufficient reason. Request for a change must be made to the principal.

Locker, Desk, & Storage Area Searches
A locker, desk, or other storage area provided by the District for student use as well as the contents, may be searched by building administrators or District security personnel, when there is reasonable suspicion for a search. If a student interferes with a search, he/she may be disciplined or expelled.

Personal Property
Lockers are assigned to students for storing coats, backpacks, and other personal items. Common sense care is necessary to prevent loss of personal items as well as instructional supplies on loan from the school district. The following suggestions may help reduce yearly losses:
1. Refrain from bringing large amounts of cash to school.
2. Always keep your locker closed/locked.
3. Report persons observed taking something not belonging to them.
4. Gym clothing and shoes, coats, hats, boots, backpacks, etc. should be clearly identified with the owner’s name.
5. Special care should be exercised to avoid loss of purses, wallets, and jewelry. Do not leave items such as these lying around.

Homework
Saginaw Public Schools believes that all learning cannot always be done within the limited amount of time allotted for classroom instruction; therefore, work outside the classroom may be necessary. The amount, length, and type of homework may vary according to grade level, and individual needs. Homework is beneficial because it:
1. Helps students learn better, faster, and promotes the reinforcement and practice of skills.
2. Helps families become involved in education.
3. Communicates the high expectations that schools hold for their students.
4. Helps students develop self-discipline and organizational skills.
5. Helps students prepare future learning by developing background knowledge and improved skills.

Playground Behavior & Guidelines
A 15-20 minute recess is provided. This may be outdoors depending on the weather conditions. Students will stay indoors when temperatures are below 10 degrees. If you wish for your child to remain indoors, you must provide a written note to the school. Students are expected to:
- Wear shoes or boots on the playground.
- Obey playground supervisors promptly and politely.
- Line up in the appropriate place when supervisors give the signal.

Students are expected to play in an appropriate way with respect and without harm to each other:
- Fighting or engaging in rough play (such as tackling, tripping, kicking, pushing, shoving, or wrestling) is not appropriate behavior.
- Throwing dangerous items (snowballs, rocks, stones, or sticks) will not be tolerated.
- Inappropriate language, teasing, and name-calling will result in a consequence.
- Golf balls, skateboards, roller blades, roller skates, baseballs, and bats should not be brought to school.
- Bringing electronic games and headsets to school is prohibited unless prior arrangements have been made with the teacher. The school will not be responsible for loss or theft of these items.
- Balls are not to be taken outdoors before school begins in the morning nor are they to be thrown or bounced in the hall or classroom.
- Shoes and boots should be cleaned of excess mud and snow before entering the building.

Lunchroom/Cafeteria
Saginaw Public Schools participates in the National School Lunch and School Breakfast Programs called the Community Eligibility Option (CEO) for School Year 2015-2016. This program allows students to have a full breakfast and lunch meal at no cost to parents. Students who chose not to take all components of the meal must pay for individual items. Please check with your school for updated pricing. Students have 15 –20 minutes to eat their lunch.

Specific behaviors are expected during the lunchtime. They are:
1. Follow directions of lunch monitors and all staff.
2. Wait in line in an orderly fashion while being served.
3. No cussing or swearing.
4. Remain seated at your table.
5. Use good table manners.
6. Talk in a quiet tone of voice.
7. Clean up your area, leaving the table neat for the next person.
8. Make the lunch time a pleasant experience for all.

Parent/Teacher Conferences
Parent/Teacher conferences are formally held twice each year. Parents are required to attend to discuss goals and the current progress of their child. Parents and/or teachers may initiate a conference at any other time during the year.

School Closings
Every so often, the School District of the City of Saginaw is forced to close due to inclement weather. Every attempt will be made to announce school closings by 5:00 AM to allow families to plan accordingly.

Parents may choose to keep their children home on days when they feel weather conditions are unsafe yet schools are open. On those days, they are asked to call the school and report their children absent.

To find out if Saginaw Public Schools are closed, watch or listen to the local media. New computerized reporting systems allow the three local television stations: WNEM-TV5, WJRT-TV12, and WEYI TV25 to get school closing information on the air immediately. The following radio stations also provide immediate news of closings: WSGW-AM790, WSAM-AM1400, WIOG-FM102.5, WHNN-FM96.1, WTLZ-FM017.1, WGER-FM106.3, WKQZ-FM93.3, WUCX-FM90.1, AND WUGN-FM99.7.

Please do not call your child’s school, particularly if a decision to close school is made after classes are in session.

School Hours
Teachers will be available to meet with parents after school or during the prep period with an appointment. Please refer to your school’s office for specific start and end times for school. Students are expected to leave the school building as soon as possible, unless engaged in an after school teacher/school sponsored activity.

Extended Day Program
Before and After the Bell Programs are offered in some of the elementary schools. Fifteen students are required in order to offer this service. Before the Bell will open as early as 6:45 AM until school begins. After the Bell begins at school dismissal until 6:30 PM. Applications for the extended day program will be available in the school office. For more information regarding Before and After the Bell, please call 399-6500.

LEARNING MODELS

SPSD All-IN Learning Model

ALL-IN: Our All-In Learning Model will be implemented when Saginaw County is in Phase 5-6 of the MI Safe Start Plan. At this phase, 100% of students will return full day, every day, with safety protocols in place.

PHASE 5 & 6
This learning model returns all students to the classroom in a traditional way (5 days a week) with minimal required safety protocols.

SPSD Hybrid Model

HYBRID MODEL: Our Hybrid model will be implemented when Saginaw County is in Phase 4 of the MI Safe Start Plan. At this phase, 50% of the students will attend full day, every other day (M/W) or (T/R) alternating on Fridays. At this phase, safety protocols include spacing to promote social distancing 3-6 feet, with other safety protocols in place.

PHASE 4
This Three-Day/Two-Day Rotation Blended Learning Model provides in-person, face-to-face instruction Monday/Wednesday (Group A) and Tuesday/Thursday (Group B) with each group alternating every Friday. The remote learning component will involve an interactive, rigorous, structured academic program aligned to grade level proficiencies.

SPSD Virtual Academy

SPSD Virtual Academy: This option is for families who do not feel comfortable sending their students to school in Phase 4, commit to the full semester of online coursework. These students will not return to the building at all during the semester of the 2020-21 school year. These students will also not be eligible to participate in any extracurricular programming. Priority will be given to students with documented health risks.

Zoom Cheat-Sheet for parents & caregivers

A quick-start guide for getting started on the Zoom platform. Tips for before the meeting, how to join, waiting, and during the meeting.

**Before the Meeting:**
- Before joining a Zoom meeting on a computer or mobile device, you can download the Zoom app at www.zoom.com or on the app store. Pre-downloading the Zoom app beforehand will save time.

**Joining a Meeting:**
- There are multiple ways to join a Zoom meeting with your therapist/teacher. Your therapist/teacher will give you the best direction on this. However, here are some of the ways you could join in on the meeting:
  - First things first: SELECT YOUR DEVICE/MODE:
    1. **Via the Zoom app on Windows/Mac Computer:** Click “Join a Meeting” in your app. Sign in to Zoom and then click JOIN. Enter your MEETING ID (this is the number associated with an instant or scheduled meeting from your therapist/teacher. The meeting ID can be a 9, 10, or 11-digit number), and enter your display name (could use your child’s name or initials). You do NOT need to be signed in to Zoom. Your meeting will work without having your own sign in. Select your computer/audio and click JOIN.
    2. **Via the Zoom website on Windows/Mac Computer:** In your web browser, type in “join.zoom.us”. Enter in your MEETING ID provided by your therapist/teacher. Click JOIN. When asked if you want to open “zoom.us” click ALLOW or OPEN LINK.
    3. **Via Email sent by your therapist/teacher:** Click the JOIN LINK in your email or calendar invitation. Depending on your default web browser, you may be prompted to open Zoom.

**Joining Continued:**
4. **Via the Zoom app on iOS (iPhone, iPad, etc.):** Be sure you have downloaded the Zoom app via the App Store. Tap JOIN A MEETING (no need to sign in), Enter your MEETING ID, and enter your display name (could use your child’s name or initials). You do NOT need to be signed in to Zoom. **Zoom Cheat-Sheet for parents & caregivers**

Waiting for the Host (therapist/teacher) to Start the Meeting:
- If your therapist/teacher hasn’t started broadcasting (meaning he/she is not yet on your screen), you’ll receive something similar as the following message (see right image). Just patiently wait a few minutes for your therapist/teacher to jump on!

**During the Meeting:**
You as the parent/caregiver have a few controls during the meeting. Here are a few common ones:
- **CHAT:** You can open a chat window by clicking CHAT. This is a great feature to have in case someone’s speakers aren’t working or are not on. You can alert each other via CHAT if you can’t hear one another.
- **RAISE HAND:** You could tap the RAISE HAND button while the therapist/teacher is speaking in case you have a question about something that he/she is discussing or working on with your child. This alerts your therapist/teacher that you need him/her when he/she has a moment.
- **REMOTE CONTROL:** Your therapist/teacher may give you REMOTE CONTROL. This means, he/she is giving you and your student access to what he/she is seeing on his/her screen. This is GREAT for teletherapy because now your therapist/teacher can use any worksheet, document, website, etc. to work this student. It also makes the teletherapy platform more fun and engaging. On some devices, you may see a button that says something like “Tap to control screen remotely.” Be sure to press that button for control! Control will be touch screen if you have a touchscreen device, or you’ll control via a computer mouse depending on your device/computer.
- **PATIENCE:** Technology works great...when it works! Patience and understanding is so important when starting out with teletherapy.
